

Membership Drive

Its that time to get in your 2023 membership dues which support the expenses for our conference and our society. Our 2023 membership fee (\$100- quite a value) will be due January 2023 for the calendar year to support the development of the Ireland Conference activities and our society. Of course, tax deductible donations to our IAPS Foundation continue our mission of supporting our travel awardees to foster their scientific development.

Dear Friends,
As your new President, I am excited at the challenge of keeping this wonderful society,vibrant,alive and growing.

We have just completed a four day academic meeting in Boston in October 2022.We awarded 4 travel scholarships to Irish pediatricians in training to present their research. It was a very successful meeting.We are hoping that our travel awardees will become our ambassadors in Ireland and have their colleagues join our society. There is no fee for pediatricians in training or retired doctors to join our society. Our next meeting will be in Galway , Ireland December 4-6th.,preceding the Irish Paediatric society 7-8th.Both meetings will be in the Galway Bay Hotel.We have 3 excellent Foundation speakers and 2 after dinner speakers .

Suzi Prichard-Jones , an international authority on the genetics of thorough-bred race horses and Gordon D'Arcy a leading Irish environmentalist and naturalist will talk on the fauna and animals of the Aran islands.We will also be entertained by Nuala Quinn's friends playing traditional Irish musicians.We also have planned a trip to Kylemore Abbey and an afternoon in Galway city to visit the Christmas market and Kenny's famous bookshop.I hope that you all young and old will be able to join us . It will be a memorable meeting. Your colleague and friend, F John McLaughlin, President , The Irish and American Paediatric Society.

The Irish and American Paediatric Society, Inc.

The Irish and American Paediatric Society Foundation

The Foundation, which is supported by member donations, is a federally recognized, nonprofit organization. Donations are tax deductible. The purpose of the Foundation is to advance paediatric knowledge in Ireland and North America and to share this knowledge.

The Foundation's educational efforts are accomplished through:

1. The presentations of travel awards to pediatricians in training in Ireland to come to North America/ and those in North America to come to Ireland to present their research.
2. Further educational and professional growth in areas of clinical, technical, scientific procedures and research.

Awards are granted on a competitive basis and winners are selected by committees in Ireland and North America. Recipients are required to attend our annual meeting and present their papers.
